

BACK-OFFICE ENGINEER – MARCH 2018

Vilnius, Lithuania

We're looking for a results-driven and customer-focused people to join our sales team. This is no ordinary engineering job, as ours is uniquely high-performing, fast-paced and supportive working culture. We provide leading-edge tools, technologies, software and services for the global construction sector. We have a proud heritage, built over 75 years, and a worldwide reputation for pioneering products and exceptional service. With some 24,000 people in more than 120 countries, we're a great place to boost your career. Success at Hilti is down to teamwork and ability, no matter what your background is.

What does the role involve?

- Visualizing technical solutions by Hilti software
- Preparing calculations to customers
- Providing technical support to sales team and customers, developing their technical competence
- Preparing necessary certificates and specifications to customers

What you need is:

- A Bachelor's degree or studies in graduation in civil or mechanical engineering
- Strong communication skills, with fluent Lithuanian and good knowledge of Russian and English
- Passion to learn and drive to succeed
- A proactive approach
