

## **JOB TITLE : SOFTWARE DEVELOPER**

COWI is a leading supplier of integrated GIS and IT solutions, covering both the handling of data and the complete life cycle of the customised solutions.

COWI's department for GIS and IT works on development and consultancy assignments for customers, both in the private and public sectors, nationally as well as internationally. The mission of the department is being a "one-stop-shop" for integrated GIS and IT solutions.

In COWI we are experiencing an increased demand for our GIS and IT services and we are therefore looking for an experienced software developer to join our team in Vilnius and become part of a growing department with great colleagues both in Lithuania and Denmark. As we have a strong culture with focus on teamwork, collaboration, information sharing and communication – we offer you a great place to work!

### **YOUR TASKS AND RESPONSIBILITIES:**

- Technical analysis and solution specification
- Development of solutions according technical specifications
- Quality assurance through code review and test
- Clarification of requirements with customers
- Development of unit test

### **YOUR PROFESSIONAL BACKGROUND:**

- You have academic education at bachelor level or higher
- You have a minimum of 5 years' experience with .NET development and experience with one or more of the following technologies: C#, JavaScript, AngularJS, WebAPI, Entity Framework, NetTopologySuite, WCF and relational databases ((e.g. Microsoft SQL Server, Oracle, PostgreSQL)
- You have experience with agile work methods

### **PERSONAL COMPETENCIES:**

- You are real team player
- You have good communication skills and are fluent in English
- You always take responsibility for completing own assignments
- In your daily work you focus on quality and customer satisfaction

### **COWI AS A WORK PLACE – WE OFFER**

- We offer an exciting job in COWI where we place emphasis on personal commitment, responsibility, and independence in everything we do
- We offer you high-performance and international environment with colleagues around the world
- You will be part of an open and informal working environment within an international team where virtual meetings are common practice
- We offer you great opportunities for personal and professional development in a global company.
