

POSITION

Software Engineer 1

JOB DESCRIPTION

This position requires interaction and coordination among several different groups within the Product Engineering group including Operations, Development, QA and Support. This position will work in a group that is defining and implementing automation and virtualization to be used in our Virtustream IaaS solutions. As a software engineering group, this team will use agile methodology, continuous integration and a DevOps culture in order to research, architect, develop, deploy, maintain and support solutions that will integrate our cloud management and automation platform.

DUTIES AND RESPONSIBILITIES:

Contribute to the development of products from a business and application perspective, and achievement of organizational goals and objectives.

Ability to work independently at a high productivity level.

Ability to communicate clearly both verbally and in written form; especially technical concepts.

Ability to work well as a member of a large team spanning multiple cultures and time zones.

High self-motivation and ability to learn multiple technologies and software applications with little supervision.

Ability to multi-task several projects at a time.

Improve existing processes and/or develop new processes to improve efficiency where needed.

QUALIFICATIONS - KNOWLEDGE – SKILLS. REQUIRED:

Excellent (written and spoken) communication.

System, software and network troubleshooting skills.

Knowledge/Experience of architecture, design, implementation, test, debugging and problem solving skills

Programming experience in Java, C, C#, others.

Knowledge/Experience in agile methodology and continuous integration.

BS or MS in Computer Science/Engineering or equivalent work experience.

1-2+ years of software development experience.

Virtualization knowledge/experience (VMWare, Openstack, etc.)

DESIRED:

Experience with build automation and scripting. (e.g. Ant, Gradle, Jenkins, Hudson, etc.).

WE OFFER:

- 40 hours per week Standard;
- Pleasant and family friendly working environment;
- Excellent working conditions in brand new office at Business Centre B66 in Kaunas;
- All social security paid;
- Long term continuous project work;
- Excellent career and development opportunities in a global environment;
- Professional IT training;
- Competitive life + health insurance;
- Annual performance related bonus scheme;
- Casual dress code;
- Challenging work;
- Flexible working hours;
- Free snacks and drinks, Xbox, TV, table foosball;
- We cover 50 % of your gym at "Impuls" membership;
- Social gatherings, parties and teambuilding events.
