Software Engineering Intern

Position

KAYAK is looking for smart and enthusiastic software engineering interns with the drive to accomplish awesome projects in a short time. You will contribute to every stage of our engineering process, from idea generation, to coding and testing. This is a paid internship.

Responsibilities / Activities

- Work closely with our front end or back end engineering teams
- Work on brand new and existing features
- Diagnose and identify the source of reported issues

Basic Qualifications

- College Junior-level Computer Science or programming skills
- Solid programming fundamentals
- You have hands-on experience with at least one of these technologies: Javascript (Angular, React or Node.js), HTML, CSS or Java
- SQL experience is a benefit, but not required
- Excellent communication skills in English

Soft Skills

- Enthusiasm for code quality, rigor in testing
- Strong analytical mindset
- Should have some opinions about front end or back end technology
- High energy, hungry to learn, not afraid to ask questions
- Team player who likes to engage at a professional and personal level

About KAYAK

Our mission at KAYAK is to provide the world's favorite travel planning tools. With every query, KAYAK searches other sites to show travelers the information they need to find the right flights, hotels, rental cars and vacation packages.

And because our team is always on the lookout looking for ways to make travel planning and trip management even easier, we offer a variety of tools and features such as KAYAK Trips, Explore and Price Forecast and are constantly evolving our app, Facebook Messenger and Slack bots, Alexa skill and related A.I. innovations.

In addition to KAYAK, we manage a portfolio of metasearch brands including: momondo, Cheapflights, SWOODOO, checkfelix and Mundi that together process more than two billion consumer queries a year.

KAYAK is an independently managed subsidiary of Booking Holdings.

BENEFITS AND PERKS

- A great team and an environment that will help you to develop your skills
- The chance to work on world's leading travel search product
- A competitive compensation package
- Day off on your birthday
- No stupid meetings
- Drinks, coffee, snacks, games etc.
- Flexible hours
- Free Yoga classes
- Regular team events/excursions
- Ice Cream in the office
