Unity Developer Internship in Kaunas

TutoTOONS is a mobile entertainment company focused on developing and publishing inspiring games for kids ages 3 to 12.

Internship description

We offer a paid summer internship for Junior Game Developers who wish to enhance their knowledge of Unity, programming skills and learn more about the gaming industry. At the end of the internship a full-time Game Developer position can be offered.

Start date: July 1st, 2019

Requirements

- Unity and C# programming knowledge
- Good understanding and usage of OOP
- Ability to work alone and in a team
- Logical thinking and attention to detail
- Good communication skills in English
- Passion for game development

We offer

- Full-time paid Unity Game Developer internship
- Opportunity to turn your internship into a full-time job
- Opportunity to excel and improve work related skills
- Workplace at our modern office in Kaunas
- Super friendly team and the best parties ever
- Free drinks, snacks, foosball, PlayStation and more
