

# AD/MODIFICATIONS ENGINEER

## WHY US?

Avion Express is an experienced narrow-body ACMI operator operating 22 Airbus A320 family aircraft.

Headquartered in Vilnius, Lithuania, Avion Express has established a long-term partnership with clients in Europe and is also operating in Africa, Asia-Pacific, South America.

In 2019 Avion Express established Avion Express Malta, a subsidiary airline based in Malta which operates Airbus A320 aircraft fleet.

Avion Express was recognized by Verslo Žinios as one of the Top 20 Most Desirable Employers in Lithuania in 2019 and ranked 22nd among Lithuanian Business Leaders Top 500 in 2018. The company was also awarded ACMI Operator of the Year 2019 at Air Transport Awards by International Business News and became a National Winner for Lithuania in The Award for Growth Strategy of the Year category, at European Business Awards.

Avion Express is an airline of opportunities that creates a supportive work environment and conditions for employees to grow, both professionally and personally.

## ARE YOU READY TO?

- ▶ Monitor Airworthiness Directives issued by EASA/FAA and local authority;
- ▶ Develop, manage and control that all applicable Airworthiness Directives, Operational Directives with a continuing airworthiness impact and Mandatory Service Bulletins are applied (except for Power Plants and APU);
- ▶ Update information in the Oases database in accordance with the field of responsibility;
- ▶ Create Engineering Orders;
- ▶ Participate in developing, managing and controlling the Aircraft Maintenance Program for each aircraft type when any Airworthiness Directive affecting AMP is issued;
- ▶ Monitor OEM/Vendor Service Bulletins and required actions if necessary;
- ▶ Monitor aircraft status in respect of RILs and OEBs, evaluate and perform required actions if necessary;
- ▶ Modify data in order to manage and control updated mass, weight and balance statement, which reflects the current status of the aircraft;
- ▶ Prepare and gain approval of necessary modifications, STCs.

## DO YOU HAVE WHAT IT TAKES?

- ▶ University degree in aviation;
- ▶ Airline or MRO industry experience in continuing airworthiness or maintenance;
- ▶ Knowledge of EASA rules and regulations;
- ▶ Knowledge of Airbus A320 family aircraft at least at a general familiarization level;
- ▶ Fluency in English is essential, other languages would be an advantage;
- ▶ Good communication and team working skills;
- ▶ Flexibility, proactiveness and desire to learn.

## DOES IT SOUND APPEALING?

- ▶ Friendly atmosphere in a modern business center;
- ▶ Competitive salary and social benefits, including health insurance;
- ▶ All conditions and opportunities for professional and personal growth;
- ▶ Opportunity to work in a truly international business environment.
